

be.tex® Samba FR

This unique, coated polyester fabric is the premier choice for UV printable backlit graphics and UV, latex and eco-solvent frontlit graphics. Crease free, water and air tight, no fraying and good flatness. 100% PES, indoor/outdoor use. Woven, can be cold cut.

Uses

- SEG frames
- Lightboxes
- Banner Stands
- Foldable presentation graphics
- Tents, table throws

Advantages

- Highest quality UV printable backlit available - zero pinholes and dense colors
- Outstanding, durable front lit fabric for UV, latex and eco solvent printers
- Can be folded without creases or wrinkles
- Air- and water-fast, suitable for tents & table throws
- Fire rated
- Print setting available at HP Media Solutions Locator
