## Specifications

Material	Bright white, matte, 35% cotton 65% polyester, 1:1 weave
Thickness	17 mil
Weight	365 gsm
Brightness	102
Whitness	130
Opacity	99
Ink Compatibility	Thermal and piezo inkjet printers using water-based dye and pigment-based inks. Latex compatible.
Printer Setting	For best results, a profile should be created using an external color calibrator in conjunction with your RIP and color matching software. If these tools are not available, printers using dye ink should be set for the highest print quality and media selection should be "Photopaper". When using UV inks, the "heavy weight coated" option should be selected. Ink coverage up to 300% is recommended. Testing is recommended.
Light fastness	The fading time of inkjet ink is a direct result of the inks that are used and the environment where the print is displayed.
Finishing	No finishing is required.
