

## Quality Wall Graphic Solutions

Printable vinyl, paper, polypropylene, and fabric products and protective topcoats featured here can be used to create temporary, high impact, wall-mounted graphics or custom permanent or semi-permanent wall coverings. These products deliver superior imaging quality and are great for murals, signage, or decoration. Featuring products from DreamScape as well as some of our own Quality products, there's a solution here for every wall application and graphic budget. Many of the products designed for temporary use are easily installed and/or removed by the end-user.

### Quality Wall Graphic Products

DuraVinyl 702	2m cast vinyl with grey, bubble free, repositionable adhesive. Application- long term (7+ years) indoor and outdoor (curved or flat) wall graphics. Quality Premium Cast Laminates are recommended for use with Duravinyl 702.
Fab Jet II	Fabjet II is an ultra removable adhesive backed polyester fabric. It features an opaque print surface that is water resistant and OBA free. The ink jet receptive coating is compatible with solvent, eco-solvent, UV curable and latex printers. Fabjet II delivers high color gamut, fine line definition and photo realistic image quality. It cuts easily around fine detail without fray or release liner separation. The micro-sphere adhesive is ultra removable and leaves little or no adhesive residue. When installed to clean surfaces Fabjet II can be applied and removed multiple times. It is suitable for outdoor promotional applications on windows, doors, bus shelters, sign boards and other flat surfaces.

## Quality Wall Graphic Solutions

### DreamScape® Wall Products

DreamScape® Wallwraps™	DreamScape® Textured Wallwraps™ are repositionable, self adhesive commercial strength, printable wall graphic media. Available in Classic smooth texture, Ravello texture, Brilliant texture and Caviar texture.
