

Combine the Evolution Bench with the Evolution-E2 cutter to create the ultimate precision cutting table. Now the Evolution-E2 cutter has the perfect bench.

The cutter can be easily be installed onto the bench without installing the worktop first. Only one ¾" thick worktop is required to bring the top level to the Evolution-E2 cutter's base.

Evolution-E2 cutter
Installed on an Evolution
Bench with Customer
supplied worktop.

Only uses one worktop to bring the cutter base level
to the worktop.

- No extra tools required.
- Works specifically with the Evolution-E2 cutter.
- 100% made in England.
- Worktop & cutter not included.

Evolution Bench

Aluminum base plate
for easy alignment of the
mounting brackets.
