

## DuraJet Barrier Film

### Product Description

DuraJet Barrier Film is formulated for UV curable printers. It is an opaque white polypropylene film coated with a permanent pressure sensitive adhesive. Combine it with DuraVinyl 262 or 263 Clear Low Tack Vinyl to create the ideal opaque double sided window graphic.

### Uses

- Push pull decals
- POP advertising
- Large format two-way window signage.

### Advantages

- 2 mil white opaque polypropylene film provides excellent opacity.
- Excellent printability with UV inks.
- Permanent pressure sensitive adhesive bonds well to printed surfaces.
- Ultra smooth glassine release liner eliminates silvering for superior clarity.
- Eco-friendly

### The Quality Media Difference

We find the best solutions for your mounting and laminating needs and bring them to you... on time and on budget. So you never have to worry about waste, reprinting, or relaminating.
