

DuraPrint Matte Lightblock

Product Description

DuraPrint Matte Lightblock is a polyester film with a durable scratch resistant coating that is compatible with solvent and eco-solvent inkjet inks. The base film is a matte white top layer fused in manufacturing to a grayback block-out layer that will not split, curl, buckle, or warp providing for a dimensionally stable final product. The block-out layer eliminates image wash out due to lighting conditions.

Uses

- Pop-Up and Roll-Up Displays
- POP Displays
- Signage and Advertising

Advantages

- Can be laminated
- Durable/Scratch Resistant
- Dries quickly
- Compatible with solvent, UV and latex printers.
