

DuraJet Backlit Film

Product Description

DuraJet Backlit Film is an 7 mil, matte, polyester backlit film specifically designed for UV curable and latex ink compatibility.

Uses

- Indoor/Outdoor Lightboxes
- Soda machines
- Bus stops
- Theater displays

Advantages

- PVC free
- Dimensionally stable
- Can be used in outdoor applications
- 7 mil thickness makes installation easy.

The Quality Media Difference

Because we specialize in large-format, we can offer you one of the most comprehensive, top-quality product lists available. Even more important, we've amassed an unsurpassed knowledge-base about the products and how they work together. No matter what the application, you can rest assured that the paper, ink, adhesive, and laminating film you're using are the best possible match – not just for each other, but for the end product.
