

Fabjet 100

Product Description

Looking for an eco-friendly adhesive backed fabric? Fabjet 100 is the ideal solution for projects that require the use of “green” products. This ultra removable/repositionable adhesive backed polyester fabric is produced with a 100% post-consumer recycled fiber known as Repreve®, a product created with recycled water bottles. Fabjet 100 is opaque, water resistant and features a semi-matte print surface.
