HardGuard Diamond

HardGuard Diamond is a 6 mil thermal laminate that features a low melt adhesive system with UV inhibitors and a fine textured surface that is specially designed for pop-up display panels and other trade show graphics.

Uses

For tradeshow graphics and pop-up displays, HardGuard Diamond is the answer. It allows brilliant colors to shine through and has the ability to withstand the rugged environments required for tradeshow graphics and pop-up displays.

Advantages

Scratch resistant, non-reflective surface for graphic enhancement.

Laminate Hard Diamond over paper with either HardGuard White or HardGuard Light Stop for a durable, rollable tradeshow panel.

Size	Catalog #
25" x 250'	0680715
38" x 250'	0680725
51" x 250'	0680750
55" x 250'	0680760
61" x 250'	0680770
76" x 200'	0680790

Specifications

Film	1 mil embossed OPP (Oriented Polypropylene) sandwiched to a 2 mil polyester.
