

SuperDry Roll-Up Film - 7.5 Mil

POS Media

SuperDry Roll-Up Film - 7.5 mil

■ satin 3471

3471 SuperDry Roll-Up Film is at the core of Sihl's pop-up display offering. The antistatic grayback coating makes the display impervious to light, preventing show-through and washed out colors. The satin microporous topcoat provides for high quality color representation and definition. The durable polyester construction is engineered to withstand repeated rolling in portable display units without tearing or edge fraying, making it the ideal media for tradeshow, retail, and other point-of-purchase displays.

Physical Properties

Caliper	7.5 mil
Basis Weight	250 g/m ²
Opacity	99%
